

INTRODUCTION

It is indeed, Kirtipur has become the ultimate destination for those scholars who are seeking to pursue higher education. The students from all over Nepal come to Kirtipur for their higher study, but most of the students of Kirtipur are forced to seek the better college in Kathmandu City. It has been realized that the students as well as their parents have to invest the additional time and money. Keeping this bitter fact in mind, academicians, management experts and a new generation of kirtipurian have decided to run a college that understands the needs of the integrated global economy and is geared to deliver quality management professionals as well as other professionals too to fulfill these needs.

Asian Int'l College (AIC), the first private college established at the heart of Kirtipur City, is one of the innovative institutions for students of higher studies who are seeking better and quality education.

Asian Int'l College (AIC) is affiliated to TU, Nepal which is manipulated by a team of professionals in Management and renowned academicians and experts as well.

The college building is located at Kirtipur just beside Tribhuvan University at the unique academic atmosphere that provides both accessibility and friendly ambience for the students. It is a non-profit service oriented institution that constantly explores better educational and career opportunities for deserving candidates.
