## STUDENT'S VIEW

It's my pleasure to be in this college. It provided me quality education and I'm really impressed with all facilities provided by the college. All teaching faculties are quite competent and they are preparing us in many ways from their best. Intelligence can't only be obtained from the text book, it can also be obtained from the atmosphere of institution. I'm quite satisfied with every aspects provided by the college. All the friends are kind and I found co-operative. So, I request all the new comers to be a part of this college to quench the thirst of your academic desire.

I, Bishwa Nepali the student of Asian Int'l College, is very glad to be in this college. The strict rules and regulation and the standard education has attracted me toward it. I think this college is the platform for the students who want to develop their knowledge and to make their future bright. Previously, I was in dilemma whether to continue my studies or not but after seeing the standard and the quality of education provided by the college, I was assured that my future would be nice. Not only that, I was very much flavour gashed by the facilities provided by the college. I also feel very lucky to have such good friends and teachers who help to develop myself. I am very much thankful to them. It is not the duty of teachers only to provide the quality education but it is also the duty of the students to make their dream into perfection. So, I want to say this much only about the college. Lastly I want to say that, just work hard and the goal can be achieved easily.
